

Subarashii Kudamono Dried Asian Pear Spread

- 1 package of dried Asian Pears (room temperature)
- Warm water

Make as needed.

Chop into small pieces the contents of a package of Subarashii Dried Asian Pears.

Stir in spoonfuls of lukewarm water until chopped pieces become the consistency of a thick, heavy spread (think chunky homemade salsa).

Place the spread loose atop your cheese board or in decorative bowl. Use a cheese spreader or small spoon. Serve with assorted cheeses, artisan bread or plain crackers.
